### EXERCISE NEEDS

### PERSONALITY AND TEMPRAMENT

Frenchie's don't need a lot of exercise but they do need daily walks to keep them at a healthy steady weight. They are loving companions who live for human contact, if you work from home they will sit at your feet all day. Their nature is both humorous and mischievous.

### COMMON HEALTH PROBLEMS

When considering a French Bulldog, something to be most concerned about is that they have trouble breathing. They need to be protected from heat stroke, homes need to be air-conditioned. One of the most common eye problems Frenchies experience Cherry Eye, dry eye and corneal ulcers.
