

## ROTTWEILER

**ORIGIN:** Germany

**LIFE SPAN:** 8-10 years

**SIZE:** 56-69 cm

**WEIGHT:** 35-60kg

**OTHER NAMES:** Rottie

### GROOMING NEEDS

### EXERCISE NEEDS

### PERSONALITY AND TEMPERAMENT

Known as the aggressive, dangerous breed, these dogs can actually be "people dogs" dependent on their disposition, training and their owners knowledgeable background. With this in mind, they can become loyal and protective of their home and family. However, Rottweilers can be sensitive and often experience separation anxiety - they cannot be quarantined alone.

### COMMON HEALTH PROBLEMS

Major health concerns are hip dysplasia and eye issues.
